

GEORGE JOBE MINISTRIES INC

Marketplace Ministry, Christian Entrepreneurs and the 5 Fold Ministries
"You Are Called To Impact Your Culture"

It is **Membership Renewal Time or Time to Become a New Member** of George Jobe Ministries Inc. (African Nations Fellowship or Kingdom Apostolic Network)

- 1. George Jobe Ministry Inc.** Seeks to bring an apostolic identity to the Body of Christ transforming the way we do church in the 21st Century.
- 2. George Jobe Ministry Inc.** Seeks to help pastors and churches to move from a single gift ministry, pastoral, to the fivefold model for all generations (Eph. 4). We must break free from a one-man-only structure of ministry in which the pastor does everything. Our services must change from "bless-me-only preprogrammed services" to the New Testament model of equipping all believers and then releasing every believer into their ministry inside and outside the church.
- 3. George Jobe Ministry Inc.** Members what to do something with Christ – *like reaching the nations with the Gospel, then in every nation establishing the Kingdom of God.* We all understand that God has put a unique gift in each one of us that the body of Christ needs for maturity and growth. Together we can do something great for Jesus. We know we have a divine purpose, a divine calling – a divine destiny together in Christ.

A Network is the joining together of people through relationship with each other to fulfill a common purpose. Each part provides strength and support to the entire network towards the fulfillment of the common goals and objectives that Jesus gave us, the church.
